

ArtisOne

DIRECT MARKETING

Dear ArtisOne Customer,

ArtisOne, Inc. has merged with Mayer Litho, Inc. and will be doing business as Mayer Print & Mail. We will continue our commitment to delivering you exceptional quality and value in creative services, printing and mailing services.

This merger was pursued to build a stronger company, as well as elevate our status as a vendor that can provide improved services to our customers in the following ways:

- Quality and Services – Both companies believe customer service to be a major component of earning our clients' business.
- Press Capabilities -- Mayer recently upped the ante by investing in state-of-the art press equipment to deliver outstanding printed materials at competitive prices.
- Continuity and Reliability – Client artwork and mail lists were moved to the new location and are ready for immediate access. Your account has the same terms you have had with ArtisOne, and pricing has not changed.

Mayer Print & Mail is now a full service print communications company with creative services, printing and mail services. And as we march forward, our philosophy is simple: Quality. On time. Every time. Learn more about Mayer Print & Mail at mayerlitho.com.

Our new location is at 1040 Segovia Circle, Placentia, Calif., 92870. If you have any questions or require additional information about this merger, please contact me at 1.800.356.2769.

Sincerely,

Russ Leimer
